SECTION 1 – CONFLICT MINERALS DISCLOSURE

ITEM 1.01 Conflict Minerals Disclosure and Report

Conflict Minerals Disclosure

This is the Conflict Minerals Disclosure of Sensient Technologies Corporation (“Sensient”) for the calendar year ended December 31, 2021, in accordance with Rule 13p-1 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Please refer to Rule 13p-1, Form SD, and Exchange Act Release No. 34-67716 for definitions of the terms not otherwise defined herein.

Sensient is a manufacturer and marketer of colors and flavors, including specialty food and beverage systems, cosmetic colors and ingredients, essential oils, pharmaceutical and nutraceutical excipients and ingredients, technical colors, specialty colors, and specialty dyes and pigments. Sensient conducted a good faith reasonable country of origin inquiry to determine the origin of any conflict minerals necessary to the functionality or production of products manufactured by Sensient, or contracted to be manufactured by Sensient, for the calendar year ended December 31, 2021.

Sensient’s good faith reasonable country of origin inquiry included:

- Reviewing and implementing certain practices outlined in the OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas (OECD 2011), an internationally recognized due diligence framework.
- Conducting an internal review of Sensient’s products to determine which products contain necessary conflict minerals, including any purchased raw materials that contain necessary conflict minerals.
- Conducting a supply-chain survey with direct suppliers of materials containing necessary conflict minerals to determine the source of such conflict minerals.

Based on the good faith reasonable country of origin inquiry described above, Sensient has determined that a limited number of its products contain raw materials that contain trace amounts of a necessary conflict mineral. Sensient has no reason to believe that these conflict minerals may have originated in the Democratic Republic of the Congo or an adjoining country.

This Conflict Minerals Disclosure is also available on the Corporate Governance section of Sensient’s website, www.sensient.com.

ITEM 1.02 Exhibit

None.

SECTION 2 – EXHIBITS

ITEM 2.01 Exhibits

None.

SIGNATURES
